EXPERIENCE

June, 2006 – Present

Art Director, MARC USA · 972.788.7600

At MARC, I have gained valuable working experience, and have been a veritable swiss army knife, carving my initials on print, direct mail and various web projects. I also help lead an on-going initiative to educate our staff on all things interactive.

June, 2004 – January, 2006

Designer, GROGGY DOG SPORTSWEAR · 940.898.4021

Through my later years in college, I hung out at this building in Denton and turned quick, clever t-shirt designs for all comers. Turns out I got paid for it, too.

EDUCATION

Graduated 2006

BFA Communication Design, UNIVERSITY OF NORTH TEXAS

The most challenging, most rewarding effort of my short years. UNT gave me the solid groundwork on which I hope to continue to build.

PROFICIENCIES

Full Proficiency
